FOREWORD

Why a graphic charter ?

This graphic charter is a working document containing rules for our logos and D2G's graphic identity.

D2G's graphic identity. The aim is to standardise our communication supports, and thus to create a graphic coherence on all of our content. This charter will allow us to reinforce our image, in order to be better identified from the outside.

Digital To Give = D2G

LOGO OF D2G

Presentation of the logo

The logo is quite simple.

It consists of a **mascot** (1) shaped like a smartphone because our company is related to the multimedia world, above it is a **small green arrow** (2), which represents the second hand. And finally, underneath all this, we have placed the name placed the **name** (3) of our company.

LOGO OF D2G

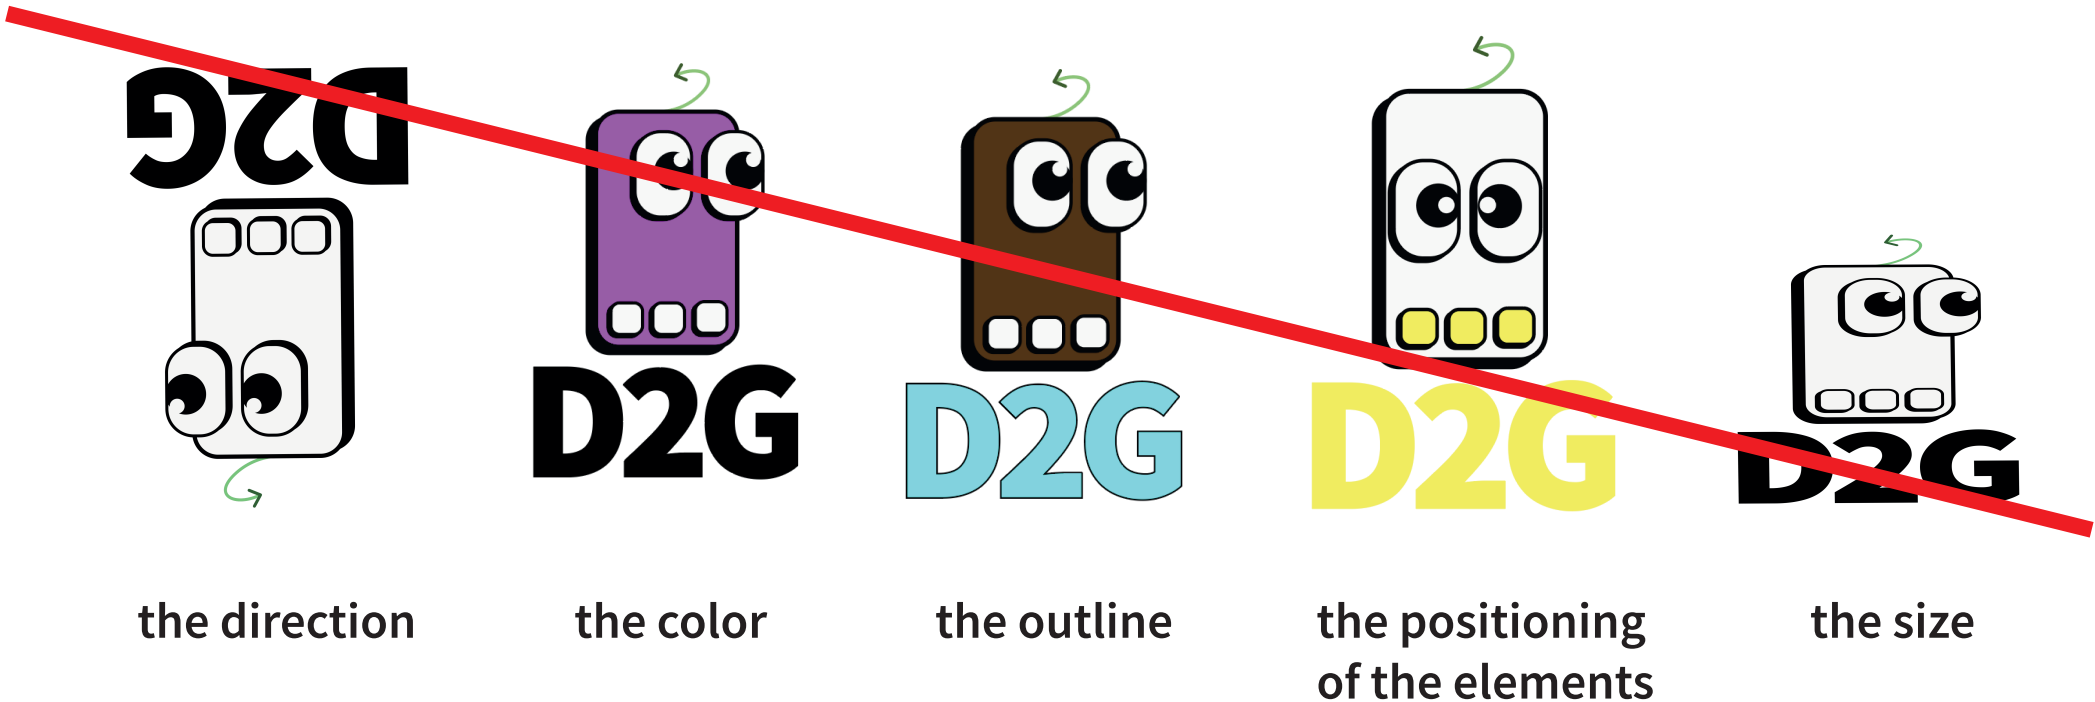

Its dimensions

Our logo is correctly sized and it is easy to use it.

COLOUR PALETTES

Which colors do we use ?

We have chosen colours in shades of green, in connection with the environment with the environment and therefore recycling. The two green colours are not very present, because we wanted to to emphasize the high-tech side of D2G.

TYPOGRAPHY

Which typo do we use ?

We have chosen a simple and uncluttered typography to stay in the theme of our of our company. The typography is sans-serif and we decided to use 5 sub-families? **Regular** for the texts. **Light** for the subheadings. **Bold Italic** for the subheadings. **Semi Bold** for the second part of the subheadings. **Bold and Ronnia Heavy**for the titles.

CONCLUSION

Finally, if we were to characterise our visual identity in a few words we would say that it is modern and uncluttered, but above all it recalls the main theme of our company: the environment.
